

State which of the following postulates make each pair of triangles congruent?

SSS

SAS

ASA

AAS

1. $\triangle RST \cong \triangle XYZ$

2. $\triangle RST \cong \triangle UVT$

3. $\triangle ABC \cong \triangle ADC$

4. $\triangle ABC \cong \triangle ZYX$

5. $\triangle ABD \cong \triangle CBD$

6. $\triangle ABC \cong \triangle DFE$

7. $\triangle CAB \cong \triangle EAD$

8. $\triangle ABD \cong \triangle CBD$

9. $\triangle JML \cong \triangle KML$

10. $\triangle LMN \cong \triangle PMN$

11. $\triangle ABC \cong \triangle ADC$

12. $\triangle CAB \cong \triangle EAD$
