

Build a Pyramid

11.06

Cut out the pattern below and form it into a pyramid. The square is the base of the pyramid. The triangles make up the lateral area of the pyramid.

Use the figure formed to find the following:

1. slant height: \_\_\_\_\_
2. height: \_\_\_\_\_
3. surface area: \_\_\_\_\_
4. volume: \_\_\_\_\_

Volume =  $\frac{1}{3} B \cdot h$
